

FINANCIAL LICENSING GOVERNANCE

If your firm is conducted a regulated activity in any jurisdiction then it need to be licensed – obviously!

Firms have to show they can fully comply with the terms of their License before it is granted and evidence ongoing compliance.

License Conditions

Regulated firms have to evidence ongoing compliance with their conditions for authorisation, including those regarding:

- Regulate activities/services
- Management
- Compliance controls
- Authorised/Appointed Representatives
- Resources
- Complaint handling
- Risk management

Compliance Environment

It is essential that regulated firms operate a compliance control environment to ensure they comply with their Regulator's rules and requirements.

FLEXIBLE & LOW COST

Flexible

GRC-Maestro uses Templates so each client can run their Financial License Governance to meet their regulatory requirements:

- **Standard** - Use pre-built Templates covering laws, regulations and industry best practice
- **Copy & Edit** – Use existing Templates and edit for your own requirements
- **Customise** – Build new Templates based on your own requirements

Low Cost

GRC-Maestro has a range of price plans to give users great compliance software at a low cost.

There are no hardware requirements or software to install, just log in through any browser.
