

# FINANCIAL CRIME COMPLIANCE

The UK FCA have published a detailed guide to preventing financial crime in your organisation.

Whether you are UK FCA regulated or not, this guide is the most comprehensive checklist available.

## Governance

Recommended best practice for Financial Crime Governance.

## Management Information

The Financial Crime data reported to senior management.

## Structure

How a firm organises and resources their prevention of financial crime.

## Risk Assessment

Undertake a business wide analysis of the firm's exposure to financial crime.

## Policies & Procedures

Maintain up to date policies & procedures based on the Financial Crime Risk Assessment.

## FLEXIBLE & LOW COST

### Flexible

GRC-Maestro uses Templates so each client can run their prevention of financial crime checks to suit their requirements:

- **Standard** - Use pre-built Templates covering laws, regulations and industry best practice
- **Copy & Edit** - Use existing Templates and edit for your own requirements
- **Customise** - Build new Templates based on your own requirements

### Low Cost

GRC-Maestro has a range of price plans to give users great compliance software at a low cost.

There are no hardware requirements or software to install, just log in through any browser.
